RES NOVEMBER UPDATE

Reach Every Student

Message from Admin

Dear RES families,

At RES we value wellness education and the promotion of the whole individual. We strive to nurture students and support them in learning to live a healthy, joyful and active life.

Our school is a safe and caring community that values all individuals. We believe we reach our potential through healthy self-identities and positive connections. Health education strengthens students' social and emotional growth by deepening their understanding of self-awareness, self-management, social awareness, relationship skills, and responsible decision making.

All RES students learn to build relationships and make positive connections through our Second Step program that teaches social emotional learning. They learn how to have open and respectful communications and to value and support each other. Students learn to have a growth mindset and develop social emotional skills that they need to lead an emotionally healthy life.

These have always been important life skills and are even more needed now, in the aftermath of a pandemic and as we face shorter days and less pleasant weather. Although some of us may not be as excited about the coming winter as others are, we can use our wellness skills to help us and our kids cope. Along with practicing our social emotional learning, getting as much sunlight as possible, maintaining regular bedtimes and sleep schedules, being thoughtful and consistent about healthy meal choices, getting regular exercise and managing stress can all help.

We are looking forward to the coming months with fun outdoor activities like skating and playing in the snow. We hope you are able to enjoy fun winter activities with your families as well.

Safety Patrol has started at our school. This is a student run program with adult supervision. Patrollers have been working hard to help students cross the road safely at the bus lane crosswalk and the 4-way stop. We appreciate your patience as our patrollers build their confidence in their new positions!
