

Chick Adoption Day!

When: Friday, May 3rd, 9 AM - 12 PM

Where: Raymond Elementary School

Join us as we welcome a new batch of chicks into the world! Our incubator is bustling with 94 eggs, ready to hatch a charming "barnyard mix" of Rhode Island Red, Barred Rock, and Australorp breeds. Come next Tuesday or Wednesday to see the magic happen!

Take a Chick Home: No chick should be without a family. Bring a container and adopt one, two, or even ten chicks. While donations are appreciated to support our new incubator and adaptive playground for RES, they're not required for adoption.

Donate Today: Help our cause with e-transfers (note: for chicks) or cash/debit donations.

See you there—let's chirp together for a good cause!
